DICT Family - Word-Part Cards

Migration Route 2

Cut apart the cards. Use them with the build mats on page 2.

Use after teaching dict in Roots 1. Review pre-, -ed, -ing, -s, and -ion from Route 1.

PREFIX

pre-

before

ROOT

dict

say or tell

SUFFIX

-ed

marks past tense

-ing

shows an action in progress

-s

present tense with he, she, or it

-ion

forms a noun naming an action or result

DICT Family - Build Mats

Migration Route 2 | Landscape | Place the cut-apart cards directly on the mat

Use pre- and dict to build a verb. Add a suffix to change how the word fits a sentence.

MAT A - prefix and root

PREFIX

place card here

ROOT

place card here

MAT B - prefix, root, and suffix

PREFIX

place card here

ROOT

place card here

SUFFIX

place card here

DICT Family - Build Clues

Migration Route 2 | Use the same cards and build mat for both kinds of clues

Try the word-level clues first. Then use the sentence clues as a second way to build or check the same target words.

A. WORD-LEVEL BUILD CLUES

Build a real DICT-family word that matches each clue.

1

Build a verb that means say what you think will happen.

2

Build the past-tense form of that verb.

3

Build the form that fits after “is” for an action happening now.

4

Build the form that fits “She ____ the weather every day.”

5

Build a noun for a statement about what someone expects to happen.

B. SENTENCE / CONTEXT CLUES

Build the DICT-family word that best completes each sentence.

A

We can ____ what might happen next by looking at the clues.

B

Yesterday, Ava ____ rain before the first drops fell.

C

The team is ____ tomorrow's water use right now.

D

Each morning, the station ____ how hot it will get.

E

His ____ about when the bus would arrive turned out to be right.

DICT Family - Record Your Builds

Migration Route 2 | Use after building with the cards and mat

Record each word you build. Literal meaning = what the word parts suggest; definition = what the whole word means.

WORD	WORD SUM	LITERAL MEANING	DEFINITION
