JECT Family - Word-Part Cards

Migration Route 3

Cut apart the cards. Use them with the build mats on page 2.

Use after teaching ject in Roots 1. Review pro- from Route 2 and the endings from Route 1.

PREFIX

pro-

forward

ROOT

ject

throw or cast

SUFFIX

-ed

marks past tense

-ing

shows an action in progress

-s

present tense with he, she, or it

-ion

forms a noun naming an action or result

JECT Family - Build Mats

Migration Route 3 | Landscape | Place the cut-apart cards directly on the mat

Use pro- and ject to build a verb. Compare the verb with the noun made by adding -ion.

MAT A - prefix and root

PREFIX

place card here

ROOT

place card here

MAT B - prefix, root, and suffix

PREFIX

place card here

ROOT

place card here

SUFFIX

place card here

JECT Family - Build Clues

Migration Route 3 | Use the same cards and build mat for both kinds of clues

Try the word-level clues first. Then use the sentence clues as a second way to build or check the same target words.

A. WORD-LEVEL BUILD CLUES

Build a real JECT-family word that matches each clue.

1

Build a verb that means cast light or an image onto a surface.

2

Build the past-tense form of that verb.

3

Build the form that fits after “is” for an action happening now.

4

Build the form that fits “It ____ an image onto a screen.”

5

Build a noun for the image cast onto a surface.

B. SENTENCE / CONTEXT CLUES

Build the JECT-family word that best completes each sentence.

A

The team will ____ the star map onto the ceiling.

B

Yesterday, the team ____ the map onto a white wall.

C

The machine is ____ an image onto the screen right now.

D

Each night, the lamp ____ a pattern onto the wall.

E

The ____ on the dome showed stars in the night sky.

JECT Family - Record Your Builds

Migration Route 3 | Use after building with the cards and mat

Record each word you build. Literal meaning = what the word parts suggest; definition = what the whole word means.

WORD	WORD SUM	LITERAL MEANING	DEFINITION
