PLAY Family - Word-Part Cards

Migration Route 1

Cut apart the cards. Use them with the build mats on page 2.

Use after teaching re-, -ed, -ing, and the verb ending -s from Set 1: Core Word Parts.

PREFIX

re-

again

BASE WORD

play

take part in a game or activity for fun

SUFFIX

-ed

marks past tense

-ing

shows an action in progress

-s

present tense with he, she, or it

PLAY Family - Build Mats

Migration Route 1 | Landscape | Place the cut-apart cards directly on the mat

Start with PLAY. Add a prefix, a suffix, or both. Say what the added part changes.

MAT A - add a prefix

PREFIX

place card here

BASE WORD

place card here

MAT B - add a suffix

BASE WORD

place card here

SUFFIX

place card here

MAT C - add a prefix and suffix

PREFIX

place card here

BASE WORD

place card here

SUFFIX

place card here

PLAY Family - Build Clues

Migration Route 1 | Use the same cards and build mat for both kinds of clues

Try the word-level clues first. Then use the sentence clues as a second way to build or check the same target words.

A. WORD-LEVEL BUILD CLUES

Build a real PLAY-family word that matches each clue.

1
Build a word that means play again.

2
Build the past-tense form of play.

3
Build the word that completes “is taking part in a game”: is ____.

4
Build the verb that completes “She ____ every Saturday.”

5
Build a word for playing a game again yesterday.

6
Build a word for playing a game again right now.

B. SENTENCE / CONTEXT CLUES

Build the PLAY-family word that best completes each sentence.

A
We tied in the first game, so we will ____ it tomorrow.

B
Yesterday we ____ a card game at lunch.

C
The children are ____ a game right now.

D
On Fridays, she ____ soccer with her cousins.

E
After a tie, the teams ____ the game yesterday.

F
We are ____ the game now because the first round ended in a tie.

PLAY Family - Record Your Builds

Migration Route 1 | Use after building with the cards and mat

Record each word you build. Literal meaning = what the word parts suggest; definition = what the whole word means.

WORD	WORD SUM	LITERAL MEANING	DEFINITION
