COOK Family - Word-Part Cards

Migration Route 1 | Color clay tiles

Cut apart the cards. Use them with the build mats on page 2.

Keep COOK as the base word. Add a prefix, a suffix, or both to build and compare related words.

PREFIX

pre-

before

re-

again; back

over-

too much; above

under-

too little; below

BASE WORD

cook

prepare food with heat

SUFFIX

-ed

already happened; past

-ing

action happening now

-er

a person or thing that does something

-s

present-tense verb; or more than one

COOK Family - Build Clues

Migration Route 1 | Use the same cards and build mat for both kinds of clues

Build each word from COOK. Notice what changes when a prefix, suffix, or both are added.

A. WORD-LEVEL BUILD CLUES

Build a real COOK-family word that matches each clue.

1
Build a word that means to cook something before.

2
Build a word that means to cook something again.

3
Build a word that means to cook something too much.

4
Build a word that means to cook something too little.

5
Build a word that means cooked in the past.

6
Build a word that means cooking right now.

7
Build a word for a person or thing that cooks.

8
Build a word that means cooked too much.

B. SENTENCE / CONTEXT CLUES

Build the COOK-family word that best completes each sentence.

A
The recipe says to _____ the crust before adding the filling.

B
The chicken was still raw, so we had to _____ it.

C
We left the vegetables in too long, so they were _____.

D
The potatoes were still hard because they were _____.

E
Yesterday, Dad _____ dinner for everyone.

F
We are _____ pasta right now.

G
The slow _____ keeps the soup warm all day.

H
She _____ dinner every Friday.

COOK Family - Record Your Builds

Migration Route 1 | Use after building with the cards and mat

Record each word you build. Word sum = show the parts you joined. Literal meaning = what the parts suggest; definition = what the whole word means.

WORD	WORD SUM	LITERAL MEANING	DEFINITION
