First Volo Morphology

# STRUCT Family - Word-Part Cards

Migration Route 2 | Color clay tiles

Cut apart the cards. Use them with the build mats on page 2.

The cards are sized to fit inside the four-part landscape mat.

PREFIX

**re-**

again; back

PREFIX

**con-**

together; with

PREFIX

**de-**

off; from; down

ROOT

**struct**

build

SUFFIX

**-ion**

act; process; result

SUFFIX

**-ive**

having a quality; tending to

SUFFIX

**-s**

more than one / verb ending

**Use the cards in more than one way**

Build from parts, build from a word-level clue, or build the word that fits a sentence.

Then use the record sheet to compare the literal meaning of the parts with the whole-word definition.

First Volo Morphology

# STRUCT Family - Build Mats

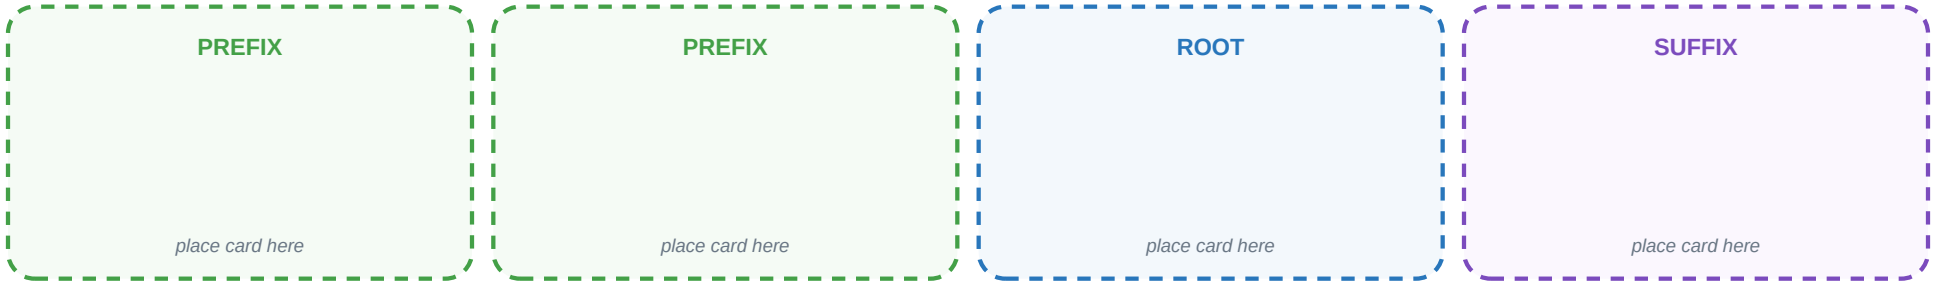

Migration Route 2 | Landscape | Place the cut-apart cards directly on the mat

Not every build needs every slot. Mat B allows layered builds such as re- + con- + struct + -ion.

## MAT A - one prefix

## MAT B - two prefixes

# STRUCT Family - Record Your Builds

Migration Route 2 | Use after building with the cards and mat

Record each word you build. Literal meaning = what the word parts suggest; definition = what the whole word means.

| WORD | WORD SUM | LITERAL MEANING | DEFINITION |
|---|---|---|---|
| | | | |
| | | | |
| | | | |
| | | | |
| | | | |
| | | | |
| | | | |
| | | | |

# STRUCT Family - Build Clues

Migration Route 2 | Use the same cards and build mat for both kinds of clues

Try the word-level clues first. Then use the sentence clues as a second way to build or check the same target words.

## A. WORD-LEVEL BUILD CLUES

Build a real STRUCT-family word that matches each clue.

**1**

**Build a word that means to build or make something by putting parts together.**

**2**

**Build a noun that names the process of building something.**

**3**

**Build a word that means to build something again.**

**4**

**Build a noun that names the process of building something again.**

**5**

**Build a noun that means serious damage or ruin — the result of destroying something.**

**6**

**Build an adjective that means helpful and intended to improve something.**

**7**

**Build an adjective that means causing damage or tending to destroy.**

**8**

**Build a verb that means builds or makes something when one person or thing is doing the action.**

## B. SENTENCE / CONTEXT CLUES

Build the STRUCT-family word that best completes each sentence.

**A**

**The teacher gave _____ feedback that helped the student improve the paragraph.**

**B**

**After the model fell apart, the students had to _____ it.**

**C**

**The _____ of the new playground will begin next month.**

**D**

**The scientist explained how the invasive insect can be _____ to local trees.**

**E**

**The students will _____ a model bridge from craft sticks.**

**F**

**The hurricane caused widespread _____ throughout the town.**

**G**

**The engineer _____ a small model before testing the final design.**

**H**

**The _____ of the historic building took several months after the fire.**
